ARTICLE 4

Content of the application

In the application, the candidates must state, on their own responsibility:

- Full name
- Date and place of birth
- Tax code
- Residence
- Citizenship
- Telephone number and email address
- Email address to be used for procedure deadlines
- Graduation date
- Title of the thesis
- Full name of thesis supervisors;
- University and Department wherein the degree has been obtained
- Permission to use the data provided for the purposes of this notice, and authorisation to SAPA Srl and other related companies to use the contents of the winning theses. At discretion of Sapa Srl, such use may concern: a) disclosure of the awarded theses, in full and/or summarised version; b) the implementation of the contents of the awarded theses on an experimental basis; c) patent registration of products, processes, and anything else obtained through the implementation of the awarded theses' contents (insofar as patentable). By law, the awarded theses' authors retain their right to own any patented ideas and, in case of actual implementation in the production processes of SAPA Srl or other associated companies, to receive the compensation which will be defined and discussed with the creator, in application of the law provided for by the Italian Civil Code.

The information listed above must be provided in the application form defined in Art. 3.

Along the application form, the candidate must also attach:

- A copy of the thesis in DOC or PDF format
- Any publication, other degrees and/or further documentation deemed relevant for the evaluation

- A copy of a valid ID document signed by the holder
- Unless otherwise specified, all submitted documents must be in PDF document, native or scanned (for those to be signed)
- In the event of prize awarding, the Committee reserves the right to request the signed documents' originals, as well as a copy of the authorisation to use personal data and projects' results and an original of the statement referred to in Art. 3 to be printed, signed, and sent to the Committee by registered mail.

ARTICLE 5

The judging Committee is composed of:

- three academic professors and three engineering experts appointed by SAPA Srl
- two independent experts, appointed by the Angelo Affinita Foundation, at least one of which belonging and/or related to the scientific subject of the bachelor/postgraduate course/PhD.

None of the Committee members involved in the assessment of the applications will be thesis supervisor of a candidate and/or have a first or second-degree family relationship with a candidate, otherwise the candidate will be excluded from the contest. Should one of the above-mentioned conditions occur, the Committee member involved will abstain from the examination and evaluation of the application.

ARTICLE 6

Assessment of applications and awarding of the prizes

The Committee, assessed the regularity of the applications submitted, will select the theses on the basis of a 100-point score to be assigned as follows:

- relevance to the contest subjects, up to 15 points
- innovativeness, up to 25 points
- feasibility, up to 45 points
- social impact, up to 5 points
- environmental sustainability, up to 10 points

The Committee will rank the projects by merit identifying for each category the eligible ones. The Commission's judgement is incontestable and, if there are no worthy theses, it reserves the right not to award the prizes. The prizes will be awarded to the candidates who, in their respective categories, have achieved the highest score.

In case of a tie, the younger candidates will take precedence in the ranking.

The winners will receive written communication of the award by email at the registration addresses within 30 days from submission.

If a winner withdraws, the prize will be awarded to the next eligible candidate according to the ranking list.

The award ceremony will take place during the event ANGELO AFFINITA AWARDS - 1st EDITION, on December 2017.
